

To Our Valued CW Members,

During this time of uncertainty surrounding the spread of COVID-19, we wanted to reassure you that we are taking all the necessary steps to ensure you will have access to your account information and cash in the event we have to close any of our office locations.

The safety and prosperity of our staff and members is always our top priority. Currently we are keeping all CW offices open and are taking extra precautions such as ensuring cleanliness in all office lobbies, monitoring all events as they continue to unfold, as well as keeping our thorough Disaster Recovery Plans in place.

While closing our offices is not something that is happening at this time, we must be prepared in the event a health risk presents itself. Also, keep in mind that all 11 full service CW offices have onsite ATM's and night depositories available 24/7 even while offices are closed.

We encourage all members who are not enrolled in the following services to enroll now:

- [Online Banking](#)
- [Mobile Banking](#) with Mobile Deposit
- Bill Pay

These remote banking services will help you manage your finances during any interruption in regular in-person services.

Please use the links above to learn more about each of these services and enroll online. If you need assistance with any of these services or have questions, please call 1-800-729-6808.

Wishing all of our members continued safety and well-being as we work thru these challenging times,

Andrew Burggraf
CEO CommunityWide FCU
